Mr. Bob Moore, 211 Demers Ave, stated that he would like to discuss the easement by the bank building and that he had brought updated plans for the Council to review. He said he would like approval as soon as possible so he is able to try and get the cement work done. Council President Olstad asked if this plan had changed from the last plan the Council had seen. Mr. Moore said it included the suggestions the Council made. Discussion followed about how the curb and gutter would need to be removed for the exit of the drive thru, that snow removal shouldn't be an issue for the fire department, that the requested easement was smaller than originally asked for, and that the old driveway would not be taken out because that is where the water drained to. Council President Olstad asked if Mr. Moore was able to attend the meeting the following Tuesday. Mr. Moore stated yes.

Voting Aye: Pokrzywinski, Buckalew, Tweten, Olstad, Grassel, DeMers, and Vetter.

Voting Nay: None.

Ms. Ellis explained there were issues with the elevator in the Infill building. She explained the elevator sometimes gets stuck when there is freight being hauled in it and won't open, or get stuck in between floors. She said that the estimate from OTIS is \$57,000 and how there will be additional charges for the electric work which she didn't have enough time to get before the meeting.

Council member Pokrzywinski said this was discussed at the EDA meeting that had been held earlier in the day. He stated how this was a passenger elevator being used as a freight elevator and that there haven't been issues when it is only passengers riding in the elevator. He said that he would vote to approve getting the elevator fixed because of the potential liability and asked if there was a way to prohibit freight from being hauled in the elevator. Discussion followed about delivery people are not in favor of using stairs during deliveries. Council Vice-President Grassel said there was a concern about the safety of passengers without freight. He added it was highly important to get this fixed and keep issues from reoccurring. Council member Pokrzywinski commented how it was considered to wait to fix the elevator until a maintenance agreement was done but it isn't known when that would be complete. Ms. Ellis reminded the Council that there was a common area agreement which includes the use of the elevator but the maintenance agreement was never completed. Discussion followed about what funds could be used to cover the costs of the repair, what the capacity was for elevator, and what can be done in the future regarding the elevator.

A MOTION WAS MADE BY COUNCIL MEMBER POKRZYWINSKI, SECONDED BY COUNCIL MEMBER GRASSEL, TO AUTHORIZE THE REPAIR WORK TO THE ELEVATOR NOT TO EXCEED \$70,000.

Voting Aye: Pokrzywinski, Buckalew, Tweten, Olstad, Grassel, DeMers, and Vetter.

Voting Nay: None.

Mr. Murphy stated the audit committee had met three times and had discussed how with the current job openings and potential job openings made this a prime time to look at how work more efficiently within the departments. He explained they had reviewed three proposals for a consulting firm to assist in this process and the committee recommended The Idea Circle from Bemidji. Council member Pokrzywinski asked who was on the audit committee. Mr. Murphy stated it was Mr. Loven, Ms.

Ogden, Mr. Thompson, Mr. Boyce, Ms. Anderson, and himself. Council member Buckalew said he understood why this is being done and asked why it couldn't be done in-house. Mr. Murphy explained how the consultant will be looking at all of the departments, not just within each department, and how they will do it with a fresh set of eyes. Discussion followed about how the consulting firm will review the job descriptions, not redo the job descriptions, and look at how duties can be streamlined.

A MOTION WAS MADE BY COUNCIL MEMBER VETTER, SECONDED BY COUNCIL MEMBER BUCKALEW, TO ADOPT RESOLUTION 15-08-89 ENTERING INTO A CONTRACT BETWEEN THE CITY OF EAST GRAND FORKS AND THE IDEA CIRCLE FOR CONSULTING SERVICES NOT TO EXCEED \$7,495.

Voting Aye: Pokrzywinski, Buckalew, Tweten, Olstad, Grassel, DeMers, and Vetter.

Voting Nay: None.

COUNCIL/STAFF REPORTS:

Mayor Stauss informed the Council the funds had run out for caring for the flowers so the flowers will no longer be watered.

Council Member Buckalew thanked the volunteers and folks who helped out with Heritage Days. He said that he wasn't able to attend but his family was able to enjoy the parade and people he spoke with commented how there was an excellent showing at the Heritage Village.

**UNAPPROVED MINUTES
OF THE CITY
COUNCIL WORK SESSION
CITY OF EAST GRAND FORKS
TUESDAY, AUGUST 25, 2015 – 5:00 PM**

CALL TO ORDER:

The Work Session of the East Grand Forks City Council for August 25, 2015 was called to order by Council President Mark Olstad at 5:00 P.M.

CALL OF ROLL:

On a Call of Roll the following members of the East Grand Forks City Council were present: Mayor Lynn Stauss, Council President Mark Olstad, Council Vice-President Chad Grassel, Council Members Clarence Vetter, Mike Pokrzywinski, Craig Buckalew, Henry Tweten, and Marc DeMers.

Dave Aker, Parks & Recreation Superintendent; Karla Anderson, Finance Director; Nancy Ellis, City Planner; Steve Emery, City Engineer; Ron Galstad, City Attorney; Paul Gorte, EDA Director; Rod Hajicek, Police Lieutenant; Charlotte Helgeson, Library Director; Gary Larson, Fire Chief; David Murphy, City Administrator/Clerk-Treasurer; Megan Nelson, Executive Assistant; and Jason Stordahl, Public Works Director.

DETERMINATION OF A QUORUM:

The Council President Determined a Quorum was present.

1. Request to Award Bid for 2015 City Project No. 5 Campground Improvements – Steve Emery

Mr. Emery informed the Council that two bids were received for this project. He reviewed the breakdown of costs, reminded the Council the City had received \$250,000 for this project and recommended moving forward and awarding the base bid for this project. He stated there was approximately \$10,000 in contingencies so there may not be extra costs incurred by the City. Council member Tweten asked how many more sites this will add. Mr. Emery explained this didn't add any sites but added services to current sites. Ms. Catherine Johnson informed the Council that there have been many that have asked just for sites with electric. Discussion followed about a possible seal coat to the roads in the campground.

This item will be referred to a City Council Meeting for action.

2. Request to Award Bid for 2015 City Project No. 3 Lift Station #5 Replacement – Steve Emery

Mr. Emery told the Council that bids had been opened earlier in the day and that he had passed out an updated RCA with the project costs. He said how there was a lot of plan holders but only one bid was received. He reviewed the estimated project costs, said how many of the numbers were close to the estimate, and that the biggest different was the \$300,000 for the construction of

the lift station itself. He explained that it was difficult to estimate because of how the building is constructed. He added how ICS had constructed the storm lifts after the flood so they are more than capable and would recommend moving this forward. Council member Pokrzywinski asked if there was enough in the fund to cover the project. Ms. Anderson explained with the project starting the following year there would be enough cash flow to cover the costs which would save money on bonding.

This item will be referred to a City Council Meeting for action.

3. Discussion on Possible Easement – Bob Moore

Mr. Murphy stated the Council had received the new site plan and how the new plan met City requirements. Ms. Ellis said the only issue left to discuss was the easement. Discussion followed about if the drive thru should have a double curve, how it would only take up one parking spot from the Fire Department parking lot, and that Chief Larson did not have an issue with the configuration of the drive thru. Council member DeMers informed the Council that he, Council member Buckalew, Mr. Moore, and Mr. Emery looked at this area, explained the curb and gutter needs to be replaced, and how he proposed the City would replace its portion and Mr. Moore would take care removing the concrete from his property. He added how the granting of the easement could be contingent upon this being completed.

Council President Olstad asked what information had been found when the City had granted easements in the past. Mr. Murphy stated he wasn't able to find anything about the City granting an easement. Discussion followed about how the last easements the City asked for were donated by the businesses so sidewalks could be installed, what language should be used so the easement would revert back to the City if the use of the property changes, and how this property had been grandfathered in and would lose that status if the building was demolished.

Council member Vetter stated he would like to see the verbiage before approving the easement. Mr. Murphy asked what was needed. Mr. Galstad stated he would be able to prepare the agreement and would need the legal description of the easement area. Mr. Emery asked what needed to be done with the old driveway and if the Council was going to move forward with the curb and gutter replacement. Discussion followed about how the proposed repair to the curb and gutter was a non-budgeted item and would need to be approved by resolution.

These items will be referred to a City Council Meeting for action.

4. Request for Reduction in Sewage Rate – David Murphy

Mr. Murphy informed the Council that there were two representatives from the Fairfield Inn in attendance to discuss this issue. Mr. Mike Brown told the Council that they had no issue with the water usage part of the bill and how they had turned down the sprinkler use in July because of the bill and also because less watering was needed. He explained since they had just opened in June there wasn't a record of their average use and that most of the water was used to water the grass. He added they would only be asking for a onetime adjustment. Council member Tweten commented how this had come up before, commented how this building was a large investment in the community, and said he would support the City absorbing the sewage costs. Mr. Brown stated they didn't think about the cost until they saw the bill since the sewage rate is 95% of the water usage. He told the Council how they manage two hotels in Grand Forks, how

they had about two-thirds occupancy in, and what their water bill was. Mayor Stauss commented how they City could give them a rate and help them out. Discussion followed on what the bill should be reduced by since a large portion of the water use was for watering the grass. Council member DeMers suggested anywhere from \$2500 to \$3000.

This item will be referred to a City Council Meeting for action.

5. Request Regarding People Mover Bus from American Legion – Dave Aker

Council President Olstad stated this item was going to be pulled from the agenda and placed on the next work session agenda because the representative from the American Legion was unable to attend the meeting.

6. Civic Center Roof – Dave Aker

Mr. Aker asked the Council for permission to hire an architect firm to help fix the roof problem at the Civic Center. He said at one time there was an estimate of \$80,000 being needed to fix the roof. Council President Olstad asked how long the problem had been going on. Mr. Aker stated it had been going on for years. Mayor Stauss suggested asking a contractor for a quote. Council Vice-President Grassel asked what the plan was. Mr. Aker stated this was going to determine how to move forward. Discussion followed about the issues with the roof. Council member Vetter asked how they were going to pay for this. Ms. Anderson stated that \$105,000 has been budgeted for the repair so the repair and renovation could be done at the same time. Mr. Murphy stated local roofing companies will be contacted.

7. Mutual Aid Agreement – Gary Larson

Chief Larson informed the Council the current mutual aid agreement was signed in 1990, commented how it isn't used often, but that it needed to be updated. He explained the draft that was included in the packet was done by the League of Minnesota Cities. Mr. Galstad stated he had reviewed the document, had some concerns, followed up with the League, and was in favor of the agreement based of their explanation. He informed the Council that if the City requests aid and something happened to another fire department it would be the City's responsibility to cover the expenses. Discussion followed about how the City works with other departments in Polk County and with Grand Forks and how the 13 fire departments in Polk County cover all of the townships.

Council member DeMers commented how the agreement states the department of the area is in charge of the scene and if Chief Larson is okay with that. Chief Larson explained the requesting group would remain in charge of the scene but the City would remain in charge of their own personnel. Council member DeMers said the agreement states otherwise so that may need to be changed. More discussion followed about how the Chiefs could work together on the language, how another group would not take over a scene because of liability issues, and how it is an unspoken rule that each fire department is in charge of their own personnel.

This item will be referred to a City Council Meeting for action.

8. Request to Declare Property as Surplus – Rod Hajicek

Mr. Hajicek informed the Council this request is for the annual police auction. He stated there were 19 vehicles that are titled and ready to go. He added the auction will be online again this year but they may be changing companies.

This item will be referred to a City Council Meeting for action.

9. Acceptance of Grant for DARE Program – Mark Olstad

Council President Olstad stated an application was submitted to the NV & Me group requesting grant funds to cover the DARE materials and training. He stated this would move forward so the Council could formally accept the grant.

This item will be referred to a City Council Meeting for action.

10. 2016 Budget Discussion – David Murphy

Mr. Murphy stated sheets were being passed out. He explained that he and the department heads had been working on the budget and that the preliminary levy needed to be approved by the end of September. He said they were bringing forward the information for the Council to review. Mr. Murphy explained not all items were funded in 2015, the proposed budget includes the additions of the pool and flower costs, the cost of living increases, and capital needs of the departments the levy to cover all of the costs the levy would need to increase by 33.2% for 2016. He stated like he did in his interview that he will bring forward what the numbers are, be blunt about it, and that the City needs to catch up. He said the fund balance is close to what the requirements are with the help from the sale of the Riverwalk Center. He added this would bring things up to where they need to be and then asked for questions.

Council President Olstad asked what was all included with the \$284,000 for capital. Ms. Anderson stated some of it were payments to the capital improvement financing fund, police vehicles, a suburban for the fire department, a scrubber for the Civic Center, 800 MHZ radios, a camera for the library, and computers along with other items. Ms. Anderson explained how better numbers were needed for some of this items. She stated that there is an interest only payment included for the pool project which was included with the 4.5% for the pool on the summary street. She added there was an addition of \$50,000 to street maintenance and how they are trying to set up a maintenance schedule for the replacement of the computers. Council member Vetter stated he was confused about the yellow box and how it could be included since those costs were incurred in 2015. Ms. Anderson stated that departments went without because of the costs incurred. She added that \$90,000 was used with once the collateral was released with the sale of the Riverwalk Center to help fund the EDA and the remainder was paid for using the fund balance.

Council Vice-President Grassel asked what year the City went backwards. Ms. Anderson stated it was negative one in 2012 which was collected in 2013. Discussion followed about the small increases to the levy since 2012, how the levy increases hadn't been over three percent except for the previous year; the current fund balance was 31%, and the State likes to see fund balances around 42% of expenditures because cities only receive revenue two times a year six months apart.

Council member DeMers asked to have added in the CIP if the request is something new or it is going to be a replacement. Ms. Anderson stated that almost everything included on the list was going to be a replacement. Council member DeMers asked if there was a good understanding between what had been budgeted for 2015 versus what the actual was. Ms. Anderson stated the City was on schedule with some being a little higher and others being a little lower. Discussion followed about how more maintenance is needed, how having a lower reserve balance could affect the City's bond rating but how the Council may put a plan in place to raise the reserves over the next few years, and how the unknown regarding that plan in that there are elections and council members may change. Council President Olstad asked if it was something that they can work up to since it hasn't been sustained. Ms. Anderson stated it was included in the audit findings every year. Council member DeMers suggested to create a six or up to ten year cycle for budgeting.

Mr. Murphy informed the Council that they were working on a template to help show a more accurate tax impact as well as what the City's tax capacity was. Ms. Anderson added how the TIF districts will be decertified at the end of 2016 so those property taxes will be included in the 2017 revenues. Council member Vetter asked about the summary sheet and how there was a 15% increase included. Ms. Anderson stated that was correct. He said that even if the Council is able to cut \$596,000 there would still be a 15% levy increase. More discussion followed about how the Council may need to commit to a larger levy in the next few years, how the increase to the fund balance may need to be added as a line item, and staff will need direction from Council.

Council President asked if items c-f should be discussed. Mr. Murphy stated they could be discussed at the next work session.

Ms. Ellis reviewed the revenue sources for transit, explained how the amount the City had received had increased and that there was a need to purchase a city bus which the state will pay up to \$120,000 for. She explained how capital funds will be used to purchase Dial-A-Ride vans instead of putting in more sidewalks so the City is able to take a step back and look at what is needed. She added with the ridership is still increasing the City should be seeing an increase in the funds from the State. Mayor Stauss asked if the bus that was going to be purchased was only used in East Grand Forks. Ms. Ellis stated the only time it goes into Grand Forks is to make a stop at the transfer station. She ended by informing the Council that with the purchase of a new bus the other bus is decommissioned and then used in the Park and Recreation Department.

4. Consider granting an easement to Riverwalk Enterprises LLC.

A MOTION WAS MADE BY COUNCIL MEMBER DEMERS, SECONDED BY COUNCIL MEMBER POKRZYWINSKI, TO GRANT AN EASEMENT TO RIVERWALK ENTERPRISES LLC.

Council member DeMers asked for a legal clarification. Mr. Galstad stated the Council could approve the easement contingent upon the approval of an agreement and would allow the process to move forward. Discussion followed about what conditions would be included in the agreement regarding if and what the price should be, if the property reverts back to the City that it would need to be put back to its original state, and how the current use of the property is in violation of the downtown district but it was grandfathered and would change if the use of the property were to change. Council member Vetter stated he would vote no until he was able to review the legal document. Discussion followed about having the agreement prepared for the Council meeting the following Tuesday. Council member DeMers rescinded his motion. Council member Pokrzywinski rescinded his second to the motion.

4. Reports:

a. Quarterly Reports:

MIF: Gorte stated that all the loans are current and there are no delinquencies.

SUNSHINE TERRACE: CP Ellis stated that all the rents might not be reflected on the spreadsheet. Finance Director Anderson had been out for an extended period and was still trying to catch up. She also informed the Board that 10 apartments have had new carpeting installed because there has been a large turnover this year. Several of the tenants are elderly and have had to go to assisted living facilities.

She also explained that there have been 2 damaged apartments: In the first apartment, the tenant had fallen asleep with the kitchen faucet running. The estimated damage is \$2500 for that apartment and she has informed the tenant that they will be responsible

July 21, 2015

MINUTES OF THE REGULAR MEETING OF THE EAST GRAND FORKS ECONOMIC DEVELOPMENT AUTHORITY (EDA) (continued)

for damages. She also explained that this is not the first time this tenant has damaged the apartment and she is considering not renewing the contract. Galstad indicated that he would need to read the lease, but it would probably be hard to evict and it would be better to not renew the contract when it expires.

The second apartment was damaged when the water was shut off to fix the sprinkler system. One of the tenants became alarmed and filled his tub with water, thinking that the water would be off for an extended period. The tub had a leak and it leaked into the bathroom below it. This will be repaired at the City's cost because it was our defective tub that leaked.

DEMERS BUILDING: All accounts are up to date.

INFILL: The Board noted that the repairs/maintenance line item is over budget. CP Ellis explained that there have been several elevator issues. The elevator is being used as a freight elevator and it really is made only for passengers. The cost to repair the elevator and allow it to be used for freight is \$55,000. VP Shea questioned if this was becoming a safety issue, Ellis indicated that it was in her opinion. She went on to tell the Board that the roof leaks and that Mike's Pizza had had water damage in the building and would have repair expenses as well.

After discussion, VP Shea asked Ellis to bring costs for the repair of the elevator.

b. Delinquencies update:

Gorte informed the Board that all the loans are current.

c. Residential Lot Sales:

Gorte informed the Board that he has met with a realtor to discuss marketing, lot sales and the sale of lots in groups for builders. She will be present at the next meeting to talk to the group about her ideas.

5. **Unfinished Business:**

a. None

6. **New Business:**

a. TIF revisions in preparation for decertification - Resolutions

Gorte informed the Board that the TIF resolutions were in their packet and he needed approval to take them to the Council. The TIF funds will stay in the City and will be used to fund TIF projects.

A Motion was made by Board Member Pokrzywinski to approve the TIF resolutions and to take them to the Council, was seconded by Board Member Wogaman. VP Shea called for a Roll Call vote. M/S/P- Pokrzywinski, Wogaman; RCV- Pokrzywinski Y, Messelt Y, Grinde Y, Wogaman Y, Shea Y; 5-0, mc.

b. Bydal Loan Revision:

July 21, 2015

MINUTES OF THE REGULAR MEETING OF THE EAST GRAND FORKS ECONOMIC DEVELOPMENT AUTHORITY (EDA) (continued)

Gorte explained that we have two kinds of MIF loans, Business Loans at 4% and Industrial Loans at a rate of 1%-3%. The Board does have the right to lower the rate from 4% to 1%.

VP Shea thanked Mr. Bydal for coming and invited him to address the group. Bydal referenced an email he had sent Gorte earlier describing how his company manufactures signs and he isn't a retail store.

Galstad stated that the Board could restructure the loan and typically a manufacturing loan was at 1%, with business loans set at 4%.

Pokrzywinski inquired why this wasn't done when the loan was originally taken out.

Wogaman stated that when they originated these loans, 4% was the only option available to the Board.

Messelt inquired what the property was zoned. Gorte explained that that was something that might have to be revised, but that the zoning classification could differ from the loan classification.

After further discussion, the matter was tabled until the new Loan Review Committee can be formed.

c. Participation in UAS Summit & Expo, September 21-23 at Alerus Center:

Gorte explained that the cost was \$395 if it was paid before August 12th and he invited Mr. Wilfahrt to talk to the Board about the event. Wilfahrt explained that this has been a very successful event in the past and people attend from all over the country.

Wogaman inquired on what we would market at the event. Gorte replied that he would have lot information available and explain what the EDA does.

A Motion was made by Board Member Pokrzywinski to approve the \$395 for the cost of the Summit & Expo, seconded by Board Member Grinde. M/S/P- Pokrzywinski, Grinde; 5-0, mc.

Gorte asked for volunteers to assist with the Expo. Board Members Pokrzywinski and Grinde volunteered to help with the event.

d. Loan Review Committee:

Gorte expressed his frustrations with the loan process, he explained that he had nothing clear for determining amount of DPA Loans; he was concerned about an application he had gotten for a DPA Loan regarding the ability of the individual to repay the loan. He would like to see a committee set up to evaluate loans and to come up with the criteria to follow. He would like to see a Board Member, a Board Member who is also a member of the Council, himself and Finance Director Anderson on the committee. Mr. Galstad said that because the committee would be advisory and not include a quorum of the EDA, it did not need to advertise its meetings. After discussion,

A motion was made by Board member Pokrzywinski, seconded by Board member Wogaman, to establish a Loan Review Committee. M/S/P- Pokrzywinski, Wogaman; 5-0, mc.

July 21, 2015

MINUTES OF THE REGULAR MEETING OF THE EAST GRAND FORKS ECONOMIC DEVELOPMENT AUTHORITY (EDA) (continued)

VP Shea indicated he would like the committee to review Mr. Bydal's loan before the August meeting.

e. Invitation to City Council, Planning Commission for the SWOT activity on September 29:

Gorte informed the Board that it should be sending out invitations to the event. Discussed will be Strengths, Weaknesses, Opportunities and Threats. He will prepare an invitation for President Hecht to sign.

7. **Adjournment**

A motion was made by Board member Wogaman, seconded by Board member Messelt, to adjourn the meeting at 12:53 pm. M/S/P- Wogaman, Messelt; 5-0, mc.

The next regular meeting is **August, 18, 2015 at Noon** in the **East Grand Forks Training Room, First Floor in the South Wing, East Grand Forks City Hall**, East Grand Forks, MN.

Respectfully Submitted,

More information needed on knight funding, timing and fleshing out details for each of those areas in need.

The NV360 steering committee will be re-convened to provide updates on grant and leadership investments, and multiple community initiatives in process in the community. In addition, to engage in discussion on private sector interest in continuing to work with the city partners with NV360 relating to Social Offerings, Aesthetics and Openness; specific as it relates to talent retention and attraction. There is potential for more Bush funding to do this work if the private sector is recognized as a key contributing partner and it is not city led.

Thanks for all of your work!

RE: Award of Bids - 2015 City Project No. 5 – Campground Improvements

Background:

Two bids were received on Tuesday, August 18, 2015 for the Utility Improvements project within the Red Rivers State Campground. The apparent low bidder for the project is R.J. Zavoral & Sons, Inc. The project was broken into a base bid and an alternate bid with the City council having the ability to award either the base bid or the base bid plus the alternate bid.

I did work with Catherine Johnson, Park Manager at the campground in identifying the base and alternate bid areas to assure if the project base bid only was awarded that they were satisfied.

I have attached the plan sheet identifying the base and alternate bid areas for your reference

The following is the proposed budget based upon the low bid:

PROPOSED BUDGET	BASE BID	BASE BID +ALT BID
Construction	\$209,941.85	\$265,848.75

PROPOSED FUNDING
