**UNAPPROVED MINUTES
OF THE CITY
COUNCIL WORK SESSION
CITY OF EAST GRAND FORKS
TUESDAY, NOVEMBER 8, 2016 – 5:00 PM**

CALL TO ORDER:

The Work Session of the East Grand Forks City Council for November 8, 2016 was called to order by Council President Mark Olstad at 5:01 P.M.

CALL OF ROLL:

On a Call of Roll the following members of the East Grand Forks City Council were present: Mayor Lynn Stauss, Council President Mark Olstad, Council Members Clarence Vetter, Craig Buckalew, Henry Tweten, and Marc DeMers.

Karla Anderson, Finance Director; Dan Boyce, Water & Light Manager; Nancy Ellis, City Planner; Ron Galstad, City Attorney; Paul Gorte, Economic Development Director; Mike Hedlund, Police Chief; Charlotte Helgeson, Library Director; Reid Huttunen, Parks and Recreation Superintendent; Gary Larson, Fire Chief; and Megan Nelson, Executive Assistant.

DETERMINATION OF A QUORUM:

The Council President Determined a Quorum was present.

1. MPO Lease Agreement – Nancy Ellis

Ms. Ellis informed the Council the lease agreement with the MPO was going to expire at the end of 2016. She stated the MPO provides the information to the City about what they can be charged for leasing space which is sent on federal requirements. She said they are currently paying \$12.25 per square foot and based on the Consumer Price Index it would increase to \$12.35 for 2017 and \$12.45 for 2018. Ms. Ellis continued saying that the MPO is requesting a three year lease, all other leases are two year leases, and she would like to stay consistent with lease agreements. She added how there had been discussions about finding a more private space for the human resource employee and one of the offices rented by the MPO had been suggested to be used. She explained that the rent amount received from the MPO would be reduced from \$12,028 to \$9,583 per year if that happened. She asked for direction from the Council on how to proceed. Discussion followed about how the office space for the human resource employee was discussed in a department head meeting; there are other spaces that office could be located, and how this could affect the MPO lease agreement.

Council President Olstad asked if other options for the location of the human resource office could be brought to the next work session for discussion. Ms. Ellis stated that would be done and that she would prepare the lease agreement with a caveat about the potential need for use of the office space. Council Council member Vetter asked if Mr. Haugen had been talked to about this. Ms. Ellis said she talked with him today. Council member Vetter asked to have staff go back and talk with the MPO about the lease agreement to get their thoughts about it. Ms. Ellis stated she would be talking with the MPO and

that this item will be brought to the November 22nd work session.

2. Request to Hire – Jeremy King

Mr. King informed the Council there was going to be two vacancies in the wastewater/stormwater division very soon. He explained that one employee was going to be retiring and the other employee has accepted a different position within the City. He requested to start the hiring process to fill both of these positions as soon as possible.

This item will be referred to a City Council Meeting for action.

3. Request to Start New Employee at Higher Pay Rate – Mike Hedlund

Chief Hedlund informed the Council they had completed the interview process and are currently working on the background for a potential employee for the Secretary/Dispatcher/Jailer position. He stated the candidate they were looking at comes with extensive experience and education and would like to start this person at a step three instead of step one on the pay scale. Council member Tweten asked to move this along. Council member DeMers asked if this was for the temporary position. Chief Hedlund said it was but more than likely it would become permanent.

This item will be referred to a City Council Meeting for action.

4. 2017 Lutheran Social Services Site Use Agreement – Reid Huttunen

Mr. Huttunen stated he was requesting to have the site use agreement signed between the City and Lutheran Social Services. He said he had reviewed it with the Senior Center Director and they do not see a need to make any changes.

This item will be referred to a City Council Meeting for action.

ADJOURN:

A MOTION WAS MADE BY COUNCIL MEMBER TWETEN, SECONDED BY COUNCIL MEMBER DEMERS, TO ADJOURN THE NOVEMBER 8, 2016 WORK SESSION OF THE EAST GRAND FORKS, MINNESOTA CITY COUNCIL AT 5:10 P.M.

Voting Aye: Buckalew, Tweten, Olstad, DeMers, and Vetter.

Voting Nay: None.

MINNESOTA LAWFUL GAMBLING
LG220 Application for Exempt Permit

An exempt permit may be issued to a nonprofit organization that:
• conducts lawful gambling on five or fewer days, and
• awards less than \$50,000 in prizes during a calendar year.
If total raffle prize value for the calendar year will be \$1,500 or less, contact the Licensing Specialist assigned to your county by calling 651-539-1900.

Application Fee (non-refundable)
Applications are processed in the order received. If the application is postmarked or received 30 days or more before the event, the application fee is **\$100**; otherwise the fee is **\$150**.
Due to the high volume of exempt applications, payment of additional fees prior to 30 days before your event will not expedite service, nor are telephone requests for expedited service accepted.

**LSS SENIOR NUTRITION PROGRAM
SITE USE AGREEMENT - 2017**

This site use agreement has been prepared for the purpose of defining the rules of the agencies involved in the development and operation of the Nutrition Program in East Grand Forks.

This agreement made this ___ day of _____ 2016, by and between East Grand Forks Senior Center, hereafter referred to as the Company and the LSS Senior Nutrition Program, 715 North 11th Street, Suite 401C, City of Moorhead and the State of Minnesota, hereafter called the Nutrition Program, in consideration of costs, covenants and agreements herein reserved and contained, do hereby agree each with the other as follows:

I. All correspondence regarding this agreement will be between the Nutrition Program Director or Assistant Director and the East Grand Forks Senior Center.

II. The Nutrition Program agrees and shall abide, conform to and comply with all the laws of the United States and the State of Minnesota, and all of the ordinances of the City of East Grand Forks, Minnesota, together with all the rules and requirements of the Police and Fire Department of the City of East Grand Forks, Minnesota. In addition, all rules and regulations by the Minnesota Department of Health will be complied with. A restaurant license, if required, will be procured annually by the Nutrition Program. The Company agrees to arrange for an annual fire inspection and notify the Nutrition Program of results. Fire inspecting must be completed by professionally trained personnel.

III. The closing of sites on holidays will be determined by the Nutrition Program and the Company one month prior to the holiday. Nutrition sites observe New Year's Day, Thanksgiving Day and Christmas Day.

IV. The Nutrition Program agrees to restore community facilities to ordinary cleanliness after use. Ordinary cleanliness is defined as leaving facilities in the same condition as they were prior to entering. Notwithstanding this undertaking, basic custodial services such as floor maintenance, window washing, cleaning of rest rooms, washing and/or painting of walls, snow and ice removal and all other general maintenance, reasonable inspection and repairs to the interior and exterior of the facilities are the responsibility of the building owner.

V. The Nutrition Program shall procure and maintain comprehensive general combined single limit liability coverage of One Million Dollars (\$1,000,000.00) and Workers Compensation Insurance on all Nutrition Program staff relating to the site mentioned above. The Nutrition Program shall hold the building owner harmless for that portion of any damages or injury occurring on the rented premises for which the Nutrition Program may be found liable.

VI. The Company agrees to maintain, inspect and repair and to assume sole financial responsibility for the facility due to mechanical and electrical problems. The Company agrees to have all fire extinguishers inspected yearly by a licensed inspector at company expense. A dated and signed tag must be placed on each extinguisher.

VII. The Company agrees to furnish the Nutrition Program information about insurance coverage and dollar value of each type of coverage carried which relates to the facility and persons using the facility.

VIII. In the event of a disaster, the Company agrees to allow the Nutrition Program to use facilities for the preparation, serving and distribution of meals/food and in an extreme disaster for housing of disaster victims.

IX. The Company agrees to provide facilities and utilities free of charge to the Nutrition Program. Satellite sites receiving meals from a Central Kitchen site will be requested to provide reimbursement to the Central Kitchen site. Payment to be made directly to the Company.

X. In the event the Nutrition Program or the Company must cancel all or part of the terms of this agreement, the Company and the Nutrition Program will provide the other agency 30 days notice in writing. Upon written receipt by the Company from LSS, this agreement is subject to immediate termination by the Nutrition Program should federal, state, or local dollars be reduced or withdrawn.

XI. The Company agrees to allow the Nutrition Program use of the facility kitchen/dining areas for the term January 1, 2017 to December 31, 2017, to be used as a nutrition site for seniors on the following days/evenings: _____.

XII. Other: _____

XIII. **For Housing Projects only:** Please provide your tenant ratio of under 60 years of age _____% and over 60 year of age _____%.

APPROVED MINUTES OF THE REGULAR MEETING OF THE BOARD MEMBERS OF THE EAST GRAND FORKS ECONOMIC DEVELOPMENT AUTHORITY (EDA)

A regular meeting of the Board Members of the East Grand Forks Economic Development Authority was held at Noon on October 18, 2016, in the East Grand Forks City Hall Training Room, on the first floor in the South Wing, East Grand Forks, MN.

1. Roll Call:

Meeting was called to order by President Hecht at 12:03 am.

EDA Board present at roll, President Hecht, Board Members Mike Pokrzywinski, Ralph Messelt, Josh Grinde, George Wogaman and Mark Olstad.

Absent: Daniel Black

Staff present: Paul Gorte, Economic Development Director; Brenda Ault, Executive Assistant; Karla Anderson, Finance Director; Ron Galstad, City Attorney.

Also Present: Corey Thompson, Water & Light IT Manager

Roll Call: President Hecht determined a quorum was present.

2. Approval of minutes of the September 20, 2016 Regular Meeting:

A Motion was made by Board Member Grinde, seconded by Board Member Pokrzywinski, to approve the minutes from the September 20, 2016 Regular Meeting. M/S/P- Grinde, Pokrzywinski; 6-0, mc.

3. Bills and Communications:

a. Review of Accounts Payable for October 4, 2016

b. Approval of Accounts Payable for October 18, 2016:

The Board questioned what the \$4488.02 check for Eagle Electric was issued for; it was for work for several apartments since January.

A Motion was made by Board Member Olstad, seconded by Board Member Grinde, to approve the Accounts Payable for September 20, 2016. M/S/P- Olstad, Grinde; 6-0, mc.

4. Reports:

a. Delinquencies Update:

ED Gorte reported that all accounts are current.

b. Quarterly Reports:

FD Anderson reported that included in the packet was 3rd Quarter information on Sunshine Terrace, Housing Lot Sale, Infill Building and EDA Administration costs for 2014-2016.

c. Report on EDA accounts and expenditures:

She informed the Board that ED Gorte's and EA Ault's salaries had been split percentage wise to the different departments and that is making the salary portion more accurate. Nothing looks out of the ordinary on any of the funds. She further reported on Sunshine Terrace; some of the maintenance that needed to be done was not budgeted. And the new maintenance man will be included in the budget for next year. The Lot Fund has not

October 18, 2016

MINUTES OF THE REGULAR MEETING OF THE EAST GRAND FORKS ECONOMIC DEVELOPMENT AUTHORITY (EDA) (continued)

collected all the funds for the sale of the lots; as well the builders have not all collected the \$100,000 for the new home builder program yet.

ED Gorte stated that he will need to file a variance on 5 of the lots for residential access; because they do not meet the City's access control standards.

He also requested that FD Anderson bring full sets of financials going forward; MIF funds, IRP monies and money going in and out so the Board is aware of what is available to lend each month.

d. Polk County Affordable Housing Board Meeting:

ED Gorte informed the Board that a flier from the Polk County Affordable Housing Advisory Board Meeting he had attended was included in the packets. The NWMN Multi-County HRA has a program that has about \$126,000 available for down payment assistance. He suggested the Board think about using the current DPA program funds for refurbishing older homes instead and let the people who need down payment assistance apply with the county.

5. **Unfinished Business:**

a. None

6. **New Business:**

a. Golden Shovel:

Ed Gorte stated that Golden Shovel had submitted a contract proposal for the web site; CA Galstad has been reviewing the proposal. The EDA needs to decide whether to proceed with the change to the web site.

He invited FD Anderson and IT Manager Thompson to address the Board. FD Anderson stated that the list of things that Golden Shovel would provide there were very few the City's current website didn't provide and some of them could be added for less funds.

IT Thompson inquired who would be providing information and updates to Golden Shovel. He stated that there are similar companies who would provide this service and fit better with the City's budgeting. They have listed a Jobs Directory in the past but it took lots of maintenance to keep it updated. The Businesses listed were a constant problem; businesses were missed, had the wrong person listed for contact, etc.

Board Member Olstad stated that the EDA is currently looking for assistance marketing the City's lots and services and feels that this company could take care of all of it for a fee. The EDA is looking at ways to make our web site better and feels this company is a good tool.

FD Anderson stated that 20 hours of strategy they talk about in the paperwork is not included in the cost; the City Council has stated that they are not approving the budget where it's at and she is looking for ways to cut it down. She further explained that this would not come out of EDA funds; it would be taken out of the general fund.

Board Member Pokrzywinski stated that he is very familiar with this project; our Director has asked for this tool to help market East Grand Forks and he believes this is an investment for our community. He stated that he is in full favor of supporting this item.

October 18, 2016

MINUTES OF THE REGULAR MEETING OF THE EAST GRAND FORKS ECONOMIC DEVELOPMENT AUTHORITY (EDA) (continued)

ED Gorte stated that the Board can choose to update the EDA's web presence; one way is this company and the other is the IT Department, but this company specializes in marketing economic development.

CA Galstad stated that were still some things in the contract that he is going over; one thing he wants to include in the contract that anything the EDA develops belongs to us.

A Motion was made by Board Member Pokrzywinski, seconded by Board Member Olstad, to approve the contract with Golden Shovel to revise the EDA web site, contingent upon City Attorney approval. M/S/P- Pokrzywinski, Olstad; 6-0, mc.

b. Mission Statement:

ED Gorte stated that the City Council and EDA held a meeting last year; since that he has been working on a mission statement and a strategic plan. He has included a mission statement in the packet for review. After discussion, item was tabled for November 1 meeting.

Board Member Olstad left the meeting at 12:45.

c. Authorization for Appraisals:

ED Gorte explained that two parties have requested to purchase property owned by the City. In accordance with the newly adopted City policy, the City must set a minimum price. One party wishes to develop a downtown property for a mixed-use apartment building; one wishes to acquire a parcel to relocate a house on it. He has also met with an additional property owner about whether the owner might be willing to consider an offer by the City to purchase a portion of their land for an industrial park. So he needs authorization for appraisal on 3 properties and he has included pictures in the packet.

A Motion was made by Board Member Pokrzywinski, seconded by Board Member Grinde to allow the ED Gorte to obtain the appraisals. M/S/P- Pokrzywinski, Grinde; 5-0, mc.

7. **Adjournment:**

Motion to adjourn the meeting was made at 12:49 by Board Member Pokrzywinski, was seconded by Board Member Grinde. M/S/P- Pokrzywinski, Grinde; 5-0, mc.

The next regular meeting is **November 1, 2016 at Noon**, in the **East Grand Forks Training Room, First Floor in the South Wing, East Grand Forks City Hall**, East Grand Forks, MN.

Respectfully Submitted,
Brenda Ault
Executive Assistant

RE: Denial of Variance Request for Scheving porch from front yard setback (2nd meeting)

PLANNING COMMISSION RECOMMENDATION:

At the November 10, 2016 Planning Commission meeting, the Commission recommends denial for the second time of the variance of Beau and Kristen Scheving as: 1) They do not need the variance to use the property in a reasonable manner fitting of the area; 2) They do not need the variance because of a circumstances unique to the property, specifically the shape of property; and 3) Granting the variance will not be harmonious to the character and intent of the Ordinance.

GENERAL INFORMATION

APPLICANTS/PROPERTY OWNERS: Beau and Kristen Scheving.

REQUESTED ACTION: Applicant is requesting approval of variance from: City Code Sect 152.079 (D)(1) which requires a 30-foot front yard building setback. They would like to reduce this setback to approximately 22 feet to keep the front porch/stairs addition that has already been built to replace the existing front steps.

SITE ZONING/LAND USE: The site is currently zoned R-1 Single Family Residential.

SURROUNDING ZONING/LAND USE:

North: R-1 zoning, single family homes
West: R-1 zoning, single family homes
South: R-1 zoning, single-family homes
East: R-1 zoning, single family homes

LOCATION: See attached pictures

SPECIAL INFORMATION

This project was originally noticed during a drive-by inspection. The original concrete stairs were removed from the door and construction of the project had begun. Our building inspection office notified the person doing the project that a permit was needed. Upon review of the permit application and seeing that the new addition would be less than the required 30' front setback, they were informed that the project was not permissible by our current city code requirements. The applicant asked for a variance and was told that I could not issue a variance, it can only be approved by public hearing and approval by Planning Commission and City Council. This is the formal request and hearing.

ANALYSIS

The Planning Commission should make its recommendation based on the following three factors test for the "practical difficulties" legal standard:

- The first factor is that the property owner proposes to use the property in a reasonable manner.
Staff Comment: This use is reasonable for the zoning of the property and the size and shape of the property. The request to vary from the front setback is not reasonable in that it they were told that they could have a small landing and stairs to each driveway but no roof when they came in and applied for the permit. They continued to build without a permit.
- The second factor is that the landowner's problem is due to circumstances unique to the property not caused by the landowner. The uniqueness generally relates to the physical characteristics of the particular piece of property.
Staff Comment: There are no conditions unique to the property for which the variance is sought. Unfamiliarity with code requirements is not unique to the land.
- The third factor is that the variance, if granted, will not alter the essential character of the locality. Under this factor, consider whether the resulting structure will be out of scale, out of place, or otherwise inconsistent with the surrounding area.
Staff comment: This building and request will not alter the character of the area and the structure will fit in with surrounding uses. It will not be out of scale or out of place.
- Other items to consider are:
 - 1) Is the variance in harmony with the purposes and intent of the ordinance? NO – the intent of the Ordinance is to keep all structures setback a minimum distance from the front lot lines so as to maintain a consistent look and feel. With other options available to the Applicants that would not require a variance, the request does not meet the criteria
 - 2) Is the variance consistent with the comprehensive plan? Yes – the variance does not change the current use of the property, and as such, is consistent with the Comp Plan
 - 3) Does the proposal put property to use in a reasonable manner? YES – the use is reasonable
 - 4) Are there unique circumstances to the property not created by the landowner? NO

- 5) Will the variance, if granted, meet the practical difficulties test as opposed to a mere inconvenience? NO
-Neither the physical surroundings, nor shape or topographical conditions of the parcel present a practical difficulty to following city code. Removing the roof on this project is an inconvenience and not a practical difficulty.

STAFF RECOMMENDATION

Staff recommends denial of this variance to reduce the 30 foot front yard setback for a roofed landing/stairway. A building permit can be issued without the porch/roof.

RESOLUTION NO. 16 – 10 – 102

RESOLUTION ADOPTING FINDINGS OF FACT AND REASONS FOR DENIAL FOR VARIANCE APPLICATION OF BEAU AND KRISTEN SCHEVING AT 606 21ST ST NW

Council Member _____, supported by Council Member _____, introduced the following resolution and moved its adoption:

FACTS

1. Beau and Kristen Scheving are the owners of a parcel of land located at 606 21st St NW, East Grand Forks, Minnesota; and
2. The subject property is legally described as Lot 14, Block 2 Garden Valley 4th Addition.
3. The Schevings have applied to the City for a variance to build a porch less than 30’ from the front property line.
4. The proposal would vary from Section 152.217(D)(1) in that it would not meet the 30 foot front yard setback from the front property line; but be, in fact, approximately 22 feet from the front yard lot property line.
5. Following a public hearing on the application, the East Grand Forks Planning Commission has recommended denial of the variance on October 13, 2016 and November 10, 2016.
6. The City Council of the City of East Grand Forks reviewed the requested variance at its Meeting of November 15, 2016.

APPLICABLE LAW

7. Minnesota Statute Section 462.357, subd. 6 provides:
 - a. Variances shall only be permitted (a) when they are in harmony with the general purposes and intent of the ordinance and (b) when the variances are consistent with the comprehensive plan.
 - b. Variance may be granted when the applicant for the variance establishes that there are practical difficulties in complying with the zoning ordinance. “Practical difficulties,” as used in connection with the granting of a variance, means that (a) the property owner proposes to use the property in a reasonable manner not permitted by the zoning ordinance; (b) the plight of the landowner is due to circumstances unique to the property not created by the landowner; and (c) the variance, if granted, will not alter the essential character of the locality.
8. City Ordinance requires the Practical Difficulties legal standard in the that the property is used in a reasonable manner; that the landowners’ problem is due to circumstances

unique to the property not caused by the landowner, as which, the uniqueness generally relates to the physical characteristics of the particular piece of property; and finally, that the variance will not alter the essential character of the locality.

9. City Ordinance has variance standards which state: 1) Granting of the variance will not be in conflict with the Land Use Plan. 2) Exceptional or extraordinary circumstances apply to the property which do not generally apply to other properties in the same zoning district or vicinity, and result from lot size or shape, topography, or other circumstances over which the owners of property since the enactment of Chapter 10 have had no control; 3) The literal interpretation of the provisions of Chapter 10 would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this Chapter. 4) That the special conditions or circumstances do not result from the actions of the applicant. 5) That granting the variance requested will not confer on the applicant any special privilege that is denied by Chapter 10 to owners of other lands, structures or buildings in the same zoning district. 6) The variance requested is the minimum variance, which would alleviate the hardship. 7) Economic considerations alone shall not constitute a hardship if a reasonable use of the property otherwise exists under the provisions of Chapter 10.

CONCLUSION OF LAW

10. The requested variance is not in harmony with the purposes and intent of the ordinance because a thirty foot setback is required for all single family residential homes to keep privacy and maintain a consistent look and feel. If everyone had no intentions of following the ordinance, there would be no reason to have the regulation.
11. The requested variance is consistent with the comprehensive plan because it still continues to use the property in a residential manner
12. The property owner does not propose to use the property in a reasonable manner because it only had stairs before the start of construction and would be allowed now to have stairs/landing to each of the driveways without a variance.
13. There are not unique circumstances to the property not created by landowner because this lot has enough width and depth to meet the City's setback requirements and did have stairs before that were in compliance with the current City Code.
14. The variance will not maintain the essential character of the locality because there are no other houses in the area that have porches and by allowing this property to vary from the Ordinance will allow others to seek a variance on their own property to install a porch.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of East Grand Forks, Minnesota, that the application to issue a variance to allow Beau and Kristen Scheving to build a porch so as to deviate from the Front yard setback requirement of 30 feet is hereby denied.

RE: Notice Zoning Violation

Dear Beau:

Nancy Ellis informed me that you have moved forward with your building project after being instructing your father Roger that you could not proceed because it violated the City Code. Roger has been the contact person with the City regarding your project. Roger previously called and spoke to me about this matter. I told him I was not aware of the situation and would need to look into it. I drove by and viewed the site, spoke with Nancy Ellis, and reviewed the City Code. Afterward, since Nancy is the City Planner I asked her to speak with Roger to give him options that would comply with our code. You then proceeded again without obtaining a building permit. But more importantly Beau, Roger was told by the Nancy Ellis before you even began construction that this porch would not meet the minimum setback requirements of the Zoning Section of the City Code of Ordinances. Nancy told him that the duplex is located within the R-1 zoning district and that the City Code Section 152.079 (D) (1) states; "Minimum building setback: (1) Thirty (30) feet from front property line". This porch is closer than 30 feet to the front property line and violates the setback requirements.

Originally, there were steps and a small roof over the steps that entered the duplex that you remove. The original steps and roof were allowed by the City Code. You currently have built a roof and deck across the entire width of the front of the duplex with stairs that exit off the ends of the deck/landing. The City Code allows the landing and stairs, but not the porch roof as stated in the conversation with Nancy before you build it. Presently, your project constitutes an addition/structure and it must meet the thirty foot front yard setback. The new roof is not allowed by City Ordinance and must be removed.

Beau, it has been determined that you are in violation of the City Code and you have a couple of options. You may request a variance from the planning commission as Nancy previously explained to your Dad or remove the roof from the top of the landing/stairs. In either event you must either remove the roof or apply for the variance within two weeks from the receipt of this letter. If you would like to request a variance this requires an application with an explanation of hardship and a public hearing. If you do not elect to remove the roof YOU MUST STOP ALL CONSTRUCTION UNTIL THE VARIANCE IS REVIEWED AND ACTED UPON BY THE PLANNING COMMISSION AND CITY COUNCIL. I am including the R-1 ordinance requirements and the variance requirements for your review.

APPEAL NOTICE

Beau, I must put you on Notice that you can appeal this Notice of Violation decision to the Planning Commission. **You have 30 days from this notice to appeal.** (See Code Section 152.021 Appeals). You can access the City Code is on the City Website at www.egf.mn. The planning Commission must hold a public hearing on the application for appeal and after close of the hearing, shall make findings and submit its recommendation to the City Council. The City council shall make a final decision regarding the appeal which requires a 2/3 Majority vote of the Council.

Application for Variance on home address 604 & 606 21st street NW:

We would like to apply for a variance on this duplex. The roof that was built is roughly 2' over on the set back requirements. The home owners are Beau and Kristen Scheving, 606 21st street NW.

Regarding the letter written by Ron Galstad dated September 12 2016:

There are a few corrections to Ron's letter that I would like to point out. In the 1st paragraph 5th sentence Ron said he would speak to Nancy and she would get back to me. That never happened. I have not heard from her since I went in to get the building permit before the construction even began. In the 6th sentence of the 1st paragraph I did not proceed again because Nancy never got back to me regarding this issue. The 2nd paragraph 2nd sentence it said we built across the entire front of the home. That is not true, we built 26' across and the home is 34' wide. In the 3rd paragraph 2nd sentence it says Nancy explained to me about a Variance. This is true, but when I asked her for the form to fill out for a Variance she said she would not approve it and she would not give me the form.

My Explanation:

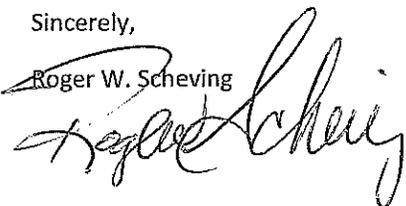

I went in to get a building permit on my son's new home, many repairs needed to be done on it. We needed to put in new windows, doors, new shingles and a new front porch. When I went in to get the permit we have not yet started the work but we were going to. The first thing I mentioned was the front porch. Nancy met me with resistance saying we could not put it on. She then explained that it could only be 8' out from the house and 13' wide. I explained to her that this was a duplex and she told me that there could be two 8'X13' front entries. I told her we would make it 8'X26' across (which we did) the front and she continued to argue with me. I never even got a chance to tell her the rest of the improvements. After leaving her office I called Ron Galstad to talk to someone about the situation. He was not available so I left him a message. A few days later when he returned my call I did explain to him the situation and he said he would have Nancy be in contact with me. I have not heard from her once since I went into get the permit. I know that the City is entitled to the building permit. I am willing to pay for it. The front porch that I went in to get a permit for is now "OK" but the roof isn't. This is the problem I always run into when I deal with building in this town. It should have never happened like this. I went ahead with the project because since I never heard from the City again I thought it must be alright. When I was working on my son's home a few weeks ago a couple of guy's stopped by from the City. They asked me why I did not have a building permit. I told them Nancy wouldn't give me one and they said they would speak to her and have her get back to me. She still has not got back to me. Then I received the letter from Ron Galstad.

Winter is coming and I would like to finish putting in the new windows that this home desperately needs. The siding also needs to be put back on. Please except the variance so we can put this behind us. My son's house is the furthest home set back on his block. We would be willing to sign anything the City would like stating it could never be enclosed. Also my son and daughter- in-law do not have the financial means to tear the roof off of their porch. We can also get signatures of the neighboring properties approving of this porch if the City would like.

We would like a hearing on this matter.

Sincerely,

Roger W. Scheving

RESOLUTION NO. 16 – 11 – 117

Council Member _____, supported by Council Member _____, introduced the following resolution and moved its adoption:

WHEREAS, the City Engineers have calculated the proper amount to be specially assessed against every lot, piece and parcel of land for improvements described as “2016 Assessment Job No. 1 – Street Improvements” for a total assessment of \$705,563.31, and said calculations known as the proposed assessments were filed with the Administrator/Clerk-Treasurer on October 18, 2016; and

WHEREAS, on October 26th, November 2nd and 9th a published notice was in the official newspaper of a special assessment hearing to consider the said proposed assessment, and a copy of said published notice was mailed on October 26, 2016 to the owner(s) of the tract(s) or parcel(s) of land as provided by law, and the public hearing was held on November 15, 2016 and all objections to said proposed assessment have been considered by the Council; and

BE IT RESOLVED, that the City Council of the City of East Grand Forks, Minnesota, hereby determines that the property in the said proposed assessment is benefited by the improvement and that the amount of said assessment is based upon the benefit received and that every lot, piece and parcel or parcels of land set out therein as assessable and that said proposed assessment has been calculated in accordance with the law; and

BE IT FURTHER RESOLVED, that said proposed assessments for said improvement be and hereby are adopted as the special assessments against the tracts of land stated in the assessment roll in the amount set out therein and that this assessment roll be given the descriptive name of “Assessment Roll No. 338 – Street Improvements”.

BE IT FURTHER RESOLVED, that the said assessment shall be payable in equal installments over a period of seven (7) years. That interest at the rate of 4.5 percent per annum on the entire assessment from the date of the resolution levying said assessment to December 31, 2016, and each subsequent installment will be payable with one year’s interest at said rate on all unpaid installments, except that no interest will be charged if the entire assessment as to any parcel is paid at the office of the City Administrator/Clerk-Treasurer within 30 days from the date of adoption of the assessment roll or the last business day of November if there are more than 30 days from the date of adoption to the final business day of November in 2016.

RE: Approve the Variance to allow for 3 platted driveway accesses on 23rd St NW

STAFF RECOMMENDATION:

Planning Commission recommends approval of a variance for the platted driveway accesses along 23rd St. NW due to the change in road classification from the urbanization of the roadway in 2007

PLANNING COMMISSION INFORMATION:

APPLICANTS/PROPERTY OWNERS: City of East Grand Forks

REQUESTED ACTION: Applicant is requesting approval of an access variance from:

- 1) Sect 151.145 which states that no single individual residential dwelling shall be permitted direct access onto a Medium Priority Street.

SITE ZONING/LAND USE: The road is currently classified as a Medium Priority Street, changed from a Low Priority Street in the Fall of 2007.

SURROUNDING ZONING/LAND USE:

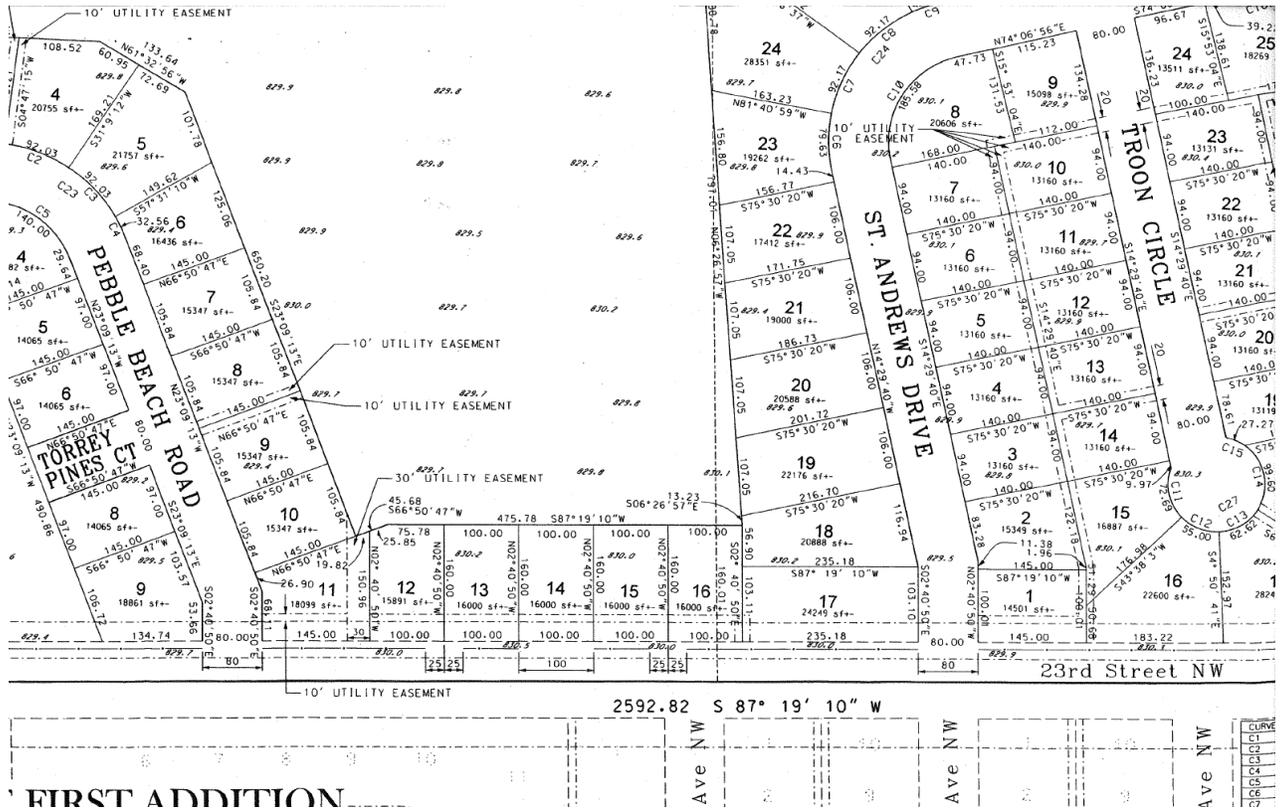

North: R-1 zoning, single-family homes

South: R-1 zoning, single-family homes

LOCATION: See attached map

SPECIAL INFORMATION

A copy of the original Waters Edge 1st Addition with driveway accesses is shown below.

ANALYSIS

The Planning Commission should make its recommendation based on the following three factors test for the “practical difficulties” legal standard:

- The first factor is that the property owner proposes to use the property in a reasonable manner.
Staff Comment: This use is reasonable for the zoning of the property and the size and shape of the property. City officials and engineers have reviewed public access to the north, west and east and this is the most reasonable way to access the property. Without access these properties would remain empty and could not be sold for development.
- The second factor is that the landowner’s problem is due to circumstances unique to the property not caused by the landowner. The uniqueness generally relates to the physical characteristics of the particular piece of property.
Staff Comment: There are no conditions unique to the property for which the variance is sought. However, the five properties were granted access across the 50’ gas line easement and these accesses were placed on the original plat before the road was reclassified. If they would have been sold before the urbanizing of the road in 2007, there would be no need for a variance.

- The third factor is that the variance, if granted, will not alter the essential character of the locality. Under this factor, consider whether the resulting structure will be out of scale, out of place, or otherwise inconsistent with the surrounding area.
Staff comment: This request will alter the character of the area as there are no accesses that cross our multipurpose trail. It will not be out of scale or out of place because there are private driveways on the south side of the road further east of these properties.

Should we allow the variance from the code?

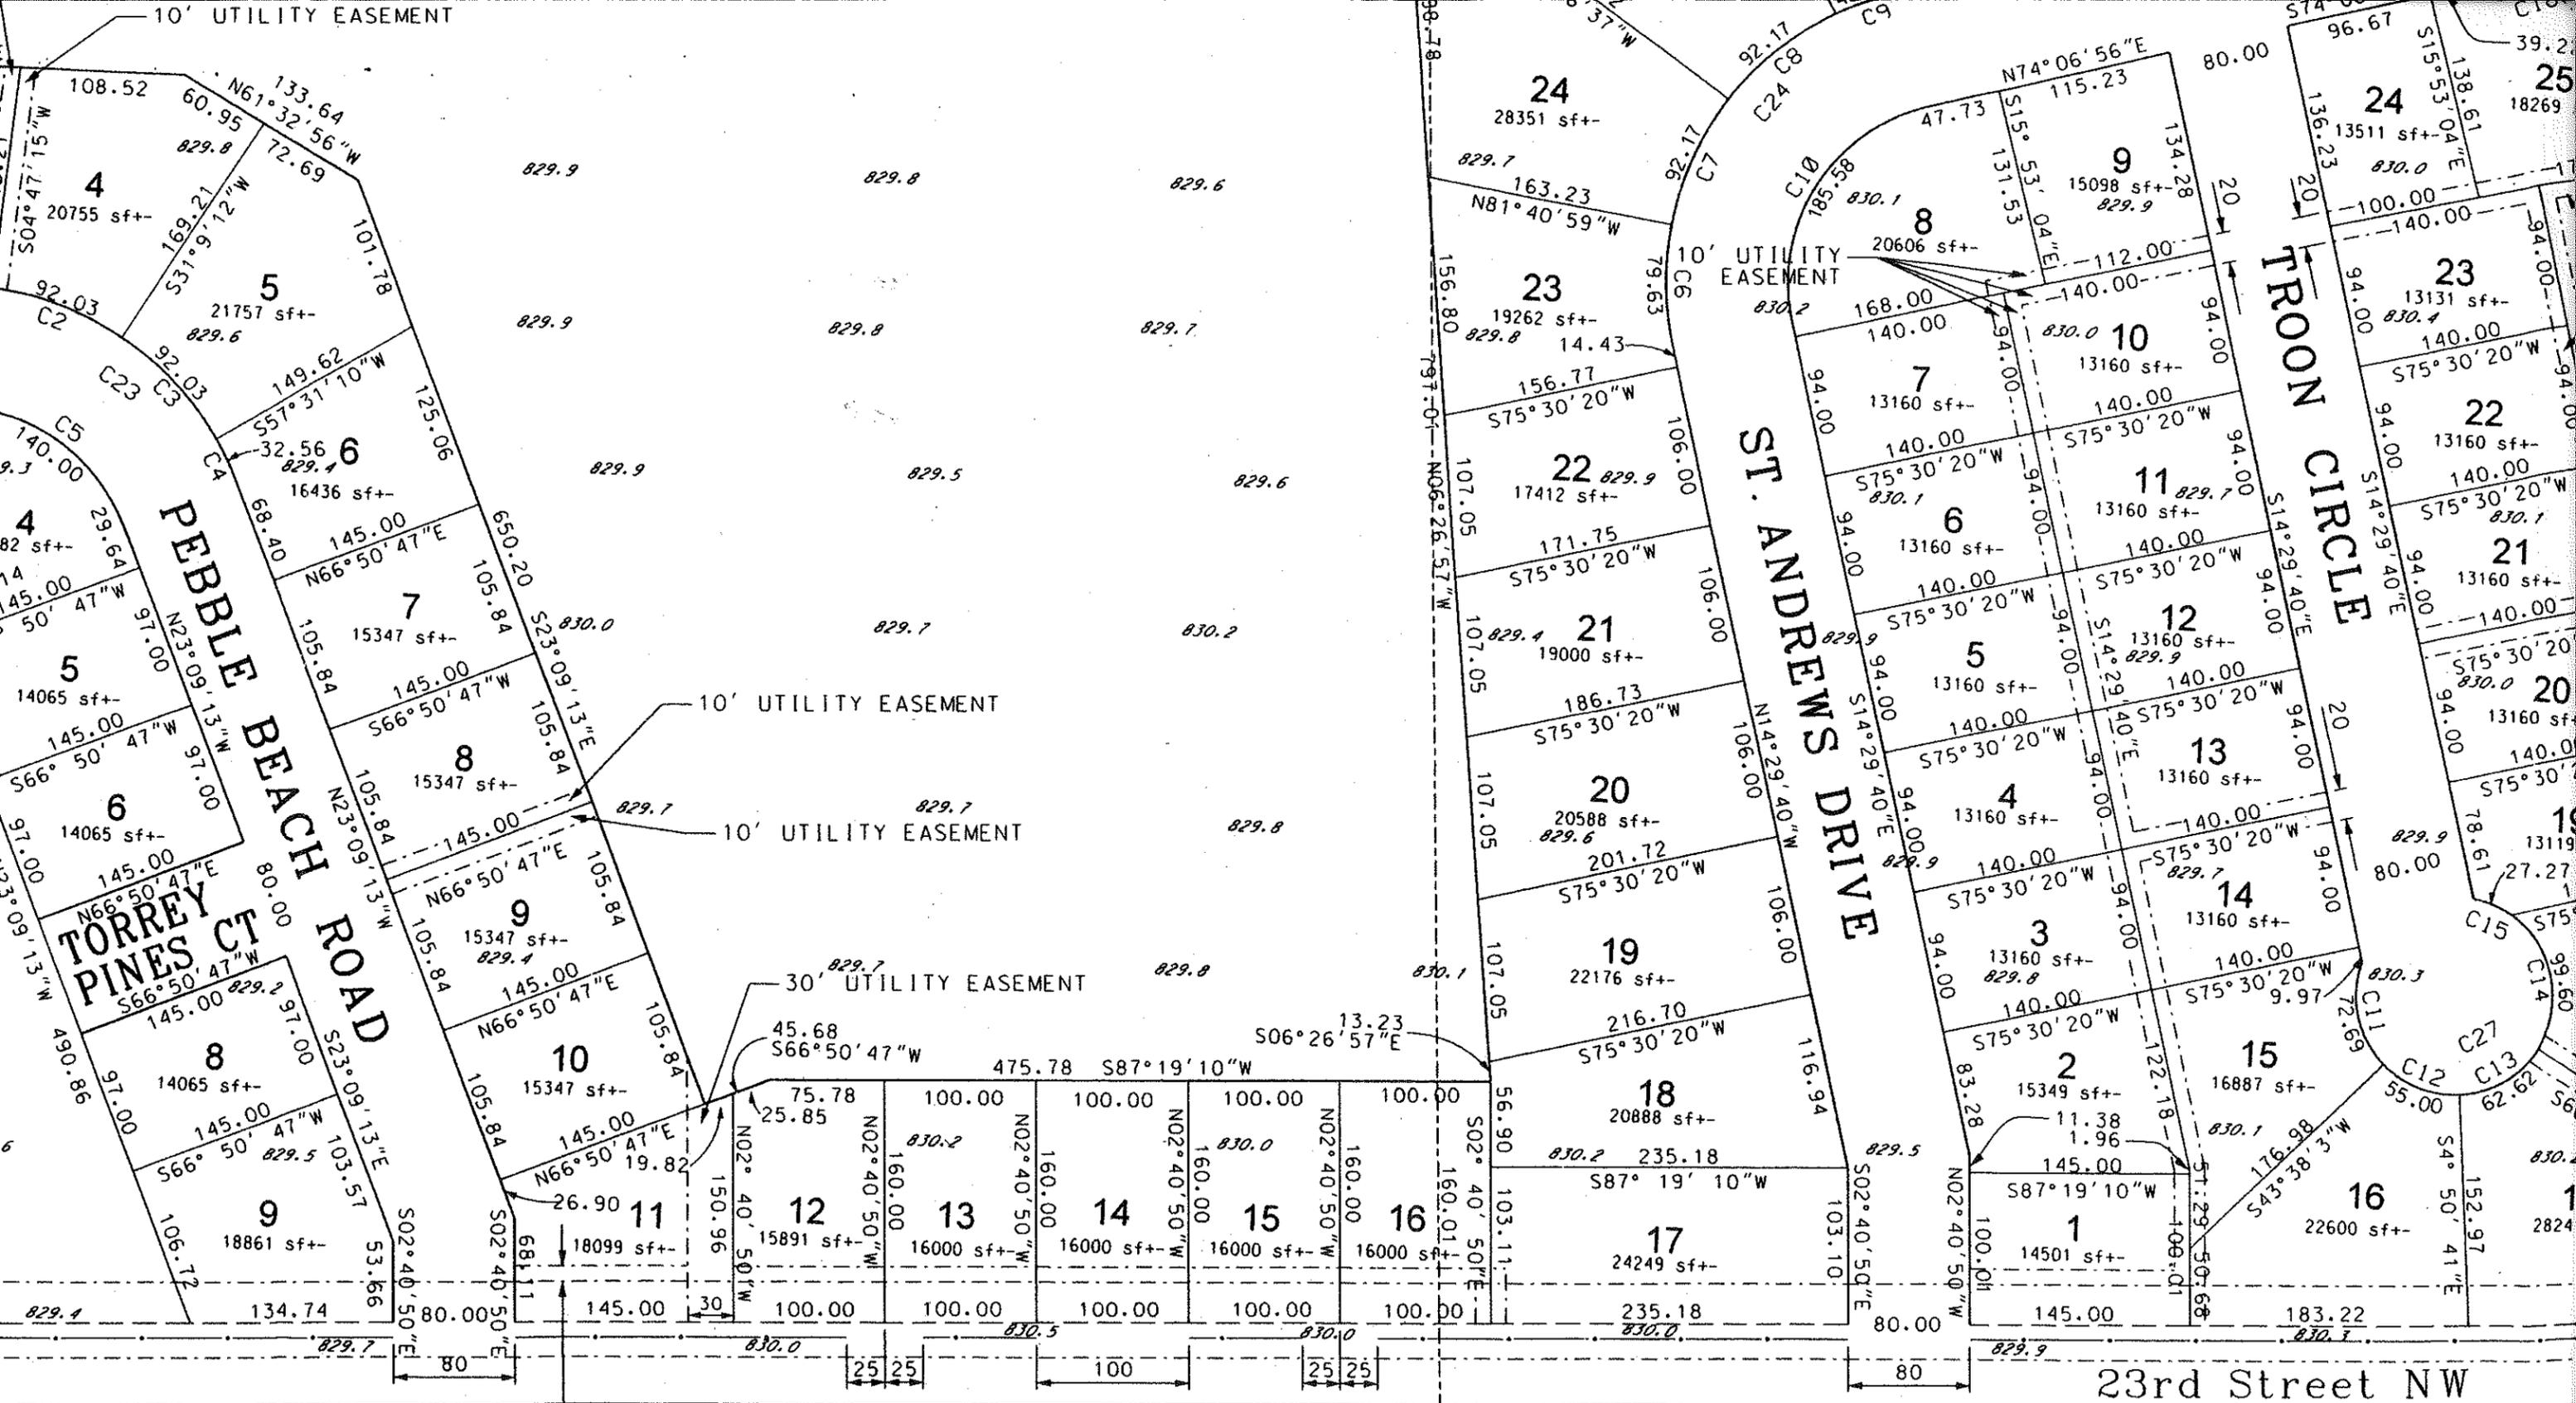

Staff Comment: The reason for the variance is due to the reconstruction of one mile of 23rd Street NW, from River Road to Trunk Highway 220. The existing roadway was a rural section, with a ditch on the southside of the road. The past construction made the roadway an urban section with concrete curb and gutter.

However, in October of 2007, the classification of this street section changed from a low priority street which allows street intersections be at least 120' apart with no residential accesses to a medium priority street which results in a 660 foot requirement for spacing of intersections and driveways.

Therefore, the City would like to request a variance of access spacing for driveways that were platted on the original Waters Edge Plat but the lots have not been developed; and therefore, the driveways were not installed when the street was reconstructed into an urban road.

STAFF RECOMMENDATION:

Staff recommends approval of this variance.

RESOLUTION NO. 16 – 11 - 118

RESOLUTION ADOPTING FINDINGS OF FACT AND REASONS FOR APPROVAL FOR VARIANCE APPLICATION OF THE CITY OF EAST GRAND FORKS FOR THREE DRIVEWAY ACCESSES ALONG 23RD STREET NW

FACTS

1. The City of East Grand Forks are the owners of 5 parcels of land located just north of 23rd Street NW in East Grand Forks, Minnesota; and
2. The subject properties are legally described as Lots 12, 13, 14, 15 and 16 Block 2 Waters Edge 1st Addition.
3. Two shared driveway accesses of 50' between Lots 12/13 and Lots 15/16 and one 100' driveway access on Lot 14 were shown on the original plat recorded in 2004 for both: 1) access across a gas line easement and 2) access to the roadway.
4. 23rd Street NW was classified as a Low Priority Roadway at that time and private driveway accesses were allowed.
5. In 2007, the road was urbanized and federal dollars were used to help pay for the project. The road needed to be classified as a Medium Priority Roadway which allow for no residential accesses and access spacing of 660' for shared driveways and intersections.
6. The proposal would vary from Section 151.145 which states that no single individual residential dwelling shall be permitted direct access onto a Medium Priority Roadway.
7. Following a public hearing on the application, the East Grand Forks Planning Commission has recommended approval of the variance on November 10, 2016.
8. The City Council of the City of East Grand Forks reviewed the requested variance at its Meeting of November 15, 2016.

APPLICABLE LAW

9. Minnesota Statute Section 462.357, subd. 6 provides:
 - a. Variances shall only be permitted (a) when they are in harmony with the general purposes and intent of the ordinance and (b) when the variances are consistent with the comprehensive plan.
 - b. Variance may be granted when the applicant for the variance establishes that there are practical difficulties in complying with the zoning ordinance. "Practical difficulties," as used in connection with the granting of a variance, means that (a) the property owner proposes to use the property in a reasonable manner not permitted by the zoning ordinance; (b) the plight of the landowner is due to

circumstances unique to the property not created by the landowner; and (c) the variance, if granted, will not alter the essential character of the locality.

10. City Ordinance requires the Practical Difficulties legal standard in the that the property is used in a reasonable manner; that the landowner's problem is due to circumstances unique to the property not caused by the landowner, as which, the uniqueness generally relates to the physical characteristics of the particular piece of property; and finally, that the variance will not alter the essential character of the locality.
11. City Ordinance has variance standards which state: 1) Granting of the variance will not be in conflict with the Land Use Plan. 2) Exceptional or extraordinary circumstances apply to the property which do not generally apply to other properties in the same zoning district or vicinity, and result from lot size or shape, topography, or other circumstances over which the owners of property since the enactment of Chapter 10 have had no control; 3) The literal interpretation of the provisions of Chapter 10 would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this Chapter. 4) That the special conditions or circumstances do not result from the actions of the applicant. 5) That granting the variance requested will not confer on the applicant any special privilege that is denied by Chapter 10 to owners of other lands, structures or buildings in the same zoning district. 6) The variance requested is the minimum variance, which would alleviate the hardship. 7) Economic considerations alone shall not constitute a hardship if a reasonable use of the property otherwise exists under the provisions of Chapter 10.

CONCLUSION OF LAW

12. The requested variance is in harmony with the purposes and intent of the ordinance because it was original to the plat and was consistent to the purpose and intent of the ordinance when the plat was recorded. Funding to urbanize the roadway and the change in road classification brought the accesses out of compliance.
13. The requested variance is consistent with the comprehensive plan because it still continues to use the property in a residential manner
14. The property owner does propose to use the property in a reasonable manner because it is not allowing all five lots to have driveways and it would be practically difficult to access the property from the golf course.
15. The variance will maintain the essential character of the locality because there are existing driveways and roadways that were granted variances to remain after the road was urbanized and this would allow those 5 properties to be sold for residential development. Without access to these properties, the lots would be unbuildable.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of East Grand Forks, Minnesota, that the application to issue a variance to the City of East Grand Forks to allow for a shared residential access between Lots 12/13 and Lots 15/16 and a residential access for Lot 14 to 23rd Street NW is approved.

RESOLUTION NO. 16 – 11 – 119

Council Member _____, supported by Council Member _____, introduced the following resolution and moved its adoption:

RESOLUTION RATIFYING CONTRACTS

WHEREAS, the City of East Grand Forks purchased from Hardware Hank the goods referenced in check number 25375 for a total of \$596.23.

WHEREAS, Craig Buckalew, was personally interested financially in the contract, but the purchases were made because the price was as low as or lower than other local vendors.

NOW THEREFORE, BE IT RESOLVED, BY THE CITY COUNCIL OF THE CITY OF EAST GRAND FORKS:

1. The above mentioned purchase by the City and the claim of the vendor based thereon are confirmed and the Mayor and Clerk are directed to issue an order-check in payment of such claim on the filing of the affidavit of official interest required under Minnesota Statutes, Section 471.89.
2. It is hereby determined that the total price of \$596.23 paid for such goods is as low as, or lower than, the price at which they could have been obtained elsewhere at the time the purchase was made.
3. This resolution is passed to comply with the provisions of Minnesota Statutes, Section 471.87-89.
4. Resolution passed by unanimous vote of the council on November 15, 2016.
