Recipe—Sirloin Tips

Slow Cooker Sirloin Tips & Gravy

2 lb beef sirloin, cut in 1" cubes
1 1/2 c. flour
1 1/2 tsp. onion powder
1 1/2 tsp. garlic salt
3 Tbsp vegetable oil
1 (10 3/4 oz.) can cr of mushroom soup
1 (15 oz.) can beef broth
1 envelope onion soup mix
1 c. water
1 beef bouillon cube
1 Tbsp Worcestershire sauce
Salt & Pepper to taste

- Combine flour, onion powder, garlic powder, salt and pepper.
- Dredge sirloin pieces lightly in flour mixture and brown in large skillet. Put beef in crock pot.

- Combine soup, onion soup mix, beef broth and Worcestershire. Mix well.
- Pour over beef in crock pot. Add water, bouillon cube, salt and pepper to taste. Stir well.
- Cook on LOW 6-8 hours until gravy has thickened a bit and beef is cooked through. Serve over cooked egg noodles, rice or mashed potatoes.

East Grand Forks Fourth Graders Assembly

Fourth-graders from South Point Elementary School and Sacred Heart School in East Grand Forks learned about where their electricity comes from during an educational assembly in March. This is the third year that Minnesota Municipal Power Agency (MMPA), with the support of the Science Museum of Minnesota have presented this assembly.

Students had the opportunity to participate in learning activities that emphasized how electricity is generated, transmitted and used.

By using a "student powered" power plant on a sta-

tionary bicycle, students experienced how their increased pedal-pushing effort provided more power to illuminate a series of light bulbs. They also realized that they could decrease their pedal-pushing effort when lighting up more energy efficient LED bulbs.

MMPA has developed this program to align with Minnesota's fourth grade science standards and have

partnered with the Science Museum to reach students through a unique educational experience.

FLIP YOUR FRIDGE
REPLACE AND RECYCLE

"FLIP YOUR FRIDGE"

Is it time to recycle that old energy wasting fridge and replace it with a new ENERGY STAR certified model? Or just recycle that old fridge in your basement or garage?

The Water and Light will give you a **\$50 rebate** when you recycle your old fridge .

During Clean up Week, May 2-6, 2016, you can place that old fridge on the curb and City personnel will pick it up and leave you a card that you can turn into the Water and Light to receive your rebate.
